

# Craig M. Perry, P.E., LEED AP

e-mail address: cmp@iesystems-inc.com

## EDUCATION / PROFESSIONAL REGISTRATION

BACHELOR OF SCIENCE - ARCHITECTURAL  
ENGINEERING 1991 - 1996  
*Kansas State University Manhattan, Kansas*

Mr. Perry's studies in the Architectural Engineering program at Kansas State University were focused on the design and integration of all building systems including HVAC, plumbing, structural, electrical and lighting systems for commercial, industrial, residential, and institutional facilities. Mr. Perry is registered with The National Council of Examiners for Engineering and Surveying (NCEES), and the states of California, Colorado, Missouri, Montana, Nevada, New Mexico, South Carolina, Texas, Virginia, Wisconsin, and Wyoming.

## PROFESSIONAL EXPERIENCE

ELECTRICAL PROJECT ENGINEER 1997-2004  
*MKK CONSULTING ENGINEERS, INC. ENGLEWOOD, COLORADO*

ELECTRICAL PROJECT MANAGER 2004-PRESENT  
*I.E.S., INC. DENVER, COLORADO*

Mr. Perry began his career as an electrical engineer with MKK Consulting Engineers following an internship with the company in the summer of 1996. During his time with MKK, Mr. Perry worked on a wide spectrum of commercial and industrial projects while specializing in health care facility design. Mr. Perry has performed the role of Project Engineer for nearly every type of medical project including radiology/ imaging, outpatient, trauma, recovery, surgery, dialysis, central sterile, labor/ delivery, patient room, central plant, kitchen, dining, lobby, and rehabilitation areas.

Mr. Perry has been responsible for the design of interior and exterior lighting, normal and emergency building power distribution, fire alarm, nurse call, and other communication systems. With IES, Inc., Mr. Perry has overseen the electrical design for numerous athletics, recreation, aquatics, and commercial facilities. Other responsibilities have included writing agreements, setting fees, project observations, coordination between owners, architects, vendors, and other disciplines, in addition to all aspects of construction document production.
